

Equipment Operator

CIF Construction is a premium heavy civil contractor specializing in concrete and earthworks, delivering high quality projects for a range of industries including mining, oil & gas, forestry, and energy. We are looking for experienced Equipment Operators interested in working on remote job sites across Western Canada. These positions may require incumbents to travel long distances, stay in camp & work a 14 on/14 off, 10-12 hour/day rotation.

Workdays include performing tasks such as:

- Operating various types of heavy equipment including excavators, loaders, dozers, telehandlers, skidsteers, rock trucks, mixer trucks, and concrete pump trucks
- Performing pre-operational and post-operational safety inspections on equipment
- Completing daily equipment reports, advising supervision of any required maintenance or repairs
- Operating equipment in a safe and efficient manner to meet production targets
- Working and operating in all weather conditions
- Communicating effectively and professionally with dispatch, other operators, and supervisors
- Cleaning, lubricating, and refueling equipment
- Reviewing drawings and identifying location of underground utilities
- Working in tight & deep spaces, as well as congested areas
- Maintaining ground conditions and operating within environmental guidelines
- Observing the safe distribution of concrete and other materials
- Ensuring sites are kept clean and safe
- Attending meetings and reviewing procedures and legislation to ensure responsible equipment operation.

For this position you come equipped with:

- Five + years related work experience
- Demonstrated commitment to working safely
- Preference given to those with valid Class 1 or 3 licence
- Valid class 5 driver's licence
- Valid operating certificates including excavator, loader, dozer, telehandler, skidsteer, rock truck, mixer truck
- Equipment maintenance skills including oil changes and hose replacements
- Concrete pump truck operating certificate in an asset
- Experience with industrial projects & remote job sites are assets
- Valid WHMIS certification
- Valid First Aid certificate is an asset

Working with CIF is an opportunity to combine professional growth with personal fulfillment. Employees benefit from a healthy work-life balance with flexible time off and rewarding compensation that includes RSP contributions & competitive health benefits. We support a culture that prioritizes working safely to ensure everyone can enjoy days off with those most important to them. As an established company with over 30 years of success, CIF offers a stable and trusted workplace with low turnover, thanks to its dedicated team of long-standing employees. Working with us also means the chance to experience some of Canada's most incredible landscapes. If the role and what we offer is what you're looking for, please send your resume to
